

THE VALUE OF ENFORCEMENT

Every initiative of Keep Tennessee Beautiful is rooted in a desire to educate.

Educating the public is the key to the behavior change needed to end littering, but some will only change through consequences.

Over 70% of interstate litter in Tennessee is the result of unintentional littering, proving that many people in need of behavior change aren't even aware.

Enforcement is an invaluable component to litter prevention. Your hard work in this role is appreciated!

OUR MISSION

To educate and inspire Tennesseans to take action every day to improve and beautify their community environment.
